

### **Celestial Stars Arts Academy Investment**

Dance is an investment in your child's future. They are learning real-life skills and values that will help them in their path in life.

#### **What am I paying for?**

I am paying for my child to learn to be disciplined.

I am paying for my child to learn to take care of their mind and body.

I am paying for my child to learn how to work with others, be a team member, and develop their creativity.

I pay so that my child learns to face disappointment when they don't get what they expect, and discovers that it is essential that they work harder.

I pay so that my child learns to achieve their goals.

I pay so that my child understands that it takes hours and hours of hard work and training to obtain results and that success does not come overnight.

I pay for the opportunity that my child has to make life-lasting friendships.

I pay so that my child spends time at rehearsals and not in front of a screen.

I pay for those moments when he or she comes home so tired that they have no more time to waste.

I pay for all the teachings from this beautiful artistic discipline: responsibility, commitment, self-confidence, and conviviality.

I'm not paying for ballet classes, I'm paying for the opportunities that this discipline offers to develop skills that will become quite useful throughout their life and that will give them an opportunity to treasure life.
